**Sub: Request to Grace 'A' Common Word Convention in Murree
Pakistan**

Dear Sir

May I submit that, Amman Message and it's 'A Common Word Movement' has virtually superceded all the previous world's organizations engaged in interreligious dialogue. Especially Pakistani Nation looking at it as a guiding light to the peace and prosperity.

The first A Common Word Conference held on 13 April 2009 in Islamabad has actually brought the great awareness in Pakistan and elsewhere. This I can understand from the messages I received, not only from Pakistan but also from America, Africa, Europe Canada and Mexico.

Pakistan in the present troublesome situation is in utmost need of this pragmatic international interreligious movement, through which it can come out of the nasty quagmire of terrorism.

In the light of this situation we have decided to organize a one day program of 'A Common Word Convention' on Tuesday 7th July 2009 from 9 am to 5 pm in a very peaceful, serene atmosphere of P C Bhurban Hotel in a safe, secure, cool and calm whether of the Queen of
